

MAKERS OF COOL FURNITURE

# Greenfield Series

**University Loft Company** sets the standard in high performance engineered wood casegood construction with the introduction of the Greenfield Series. With features such as high pressure laminate tops, PVC edge banding, and drawer boxes with integrated heavy duty slides, the Greenfield Series is sure to provide lasting quality and durability.

In addition to high quality products, University Loft Company maintains their commitment to environmentally sound manufacturing practices by complying with Phase 2 CARB (California Air Resources Board) standards. Phase 2 CARB standard regulates that the maximum emission level of formaldehyde from particleboard is not to exceed 0.09 ppm.

## PLY2 CHAIR

### iTilt

The Two Position Chair from University Loft Co. is one of the cornerstone pieces in our Graduate Collection. Because of its solid wood construction featuring mortise & tenon joints, it's built to withstand the toughest situations. This chair is designed to do what feels natural, tilt.

### Available Base Options:

4 Leg

Sled Base

2 Position

3 Position

## WARDROBE FEATURES

- Metal hanging bar
- Hinges allow doors to rotate 270° and fold back along the sides
- 2 heavy duty drawers

The writing desk, carrel and pedestal make a great desk solution, especially when paired with the two position chair.

\*Available without drawer for ADA requirements.

## CONSTRUCTION STANDARDS

### High Performance Engineered Wood

The Greenfield items are fully laminated and banded to ensure a full barrier with long, reliable use in an institutional application.

### Construction / Assembly

Each piece of the Greenfield Series is carefully assembled using solid hardwood dowels and efficient connection hardware. All exposed edges of panels are protected with 2mm PVC edge banding.

### Drawers

Drawers feature metal drawer side panels with integrated heavy duty slides with 5/8 thick laminate bottom and back panel. 3/4 drawer fronts are to be recessed into side panels. Drawer slides are rated at a 100lb static load.

### Top

The top is constructed of 3/4" engineered wood with .030 high pressure laminate which provides protection against moisture and impact. All edges are banded with 2mm PVC edge to protect against side impact.

## AVAILABLE HANDLE OPTIONS

The Greenfield Series casegoods are available with brushed nickel or black metal crescent handles. These handles add a stylish look to the series while being sturdy and functional.
